

Register Now—Online Telecommunications Education from NACTEL and Pace University

“Students who took all or part of their class online **performed better**, on average, than those taking the same course through traditional face-to-face instruction.”

- 2009 U.S. Department of Education study

Use those “dog days” of summer to get a running head start on your degree through NACTEL Online Telecommunications programs from Pace University, which offer you a great opportunity to make an investment in yourself and your career.

Tuition is discounted for CWA members!

www.nactel.org/cwad6

- Associate’s degrees and Certificates are available in:
 - Mobile Technology
 - Video Technologies
 - Wireless Networking
 - Networking Telecommunications
 - Telecommunications
- Bachelor’s degree in Telecommunications

Take classes while balancing work, family and other commitments. Courses are online and available 24 hours a day, 7 days a week.

The interactive, instructor-led courses offer flexibility, convenience, and an industry relevant curriculum that is tailored directly to jobs in the industry.

These online telecom degrees are fully accredited and delivered by Pace University and sponsored by NACTEL’s coalition of industry representatives including CWA.
