Dear colleagues,

all of us are in a state of deep shock since we learned about Blake`s sudden death.

Many of us have known him personally for a long time. His calm and thoughtful manner was dear to us.

His work on our big campaign has been extremely valuable to everyone involved, especially to the T-Mobile workers whom all our joint efforts are dedicated to.

We are all greatly saddened by this enormous loss and we feel with you and his family and offer our most heartfelt condolences.

We have received many notes and calls from our colleagues from the TU workplace partnerships. They asked us to let you and Blake`s family know their deep sympathy and that his partner and family are in their thoughts.

He will always be remembered with affection.

Lothar Schröder
