

Installing the CWA Movement Builder App on iPhone

Note: The CWA Union Movement Builder App is not available for BlackBerry, Windows, or feature phones.

1. Open the App Store on your iPhone.

2. Search for “CWA”

3. Select the “CWA Union Movement Builder.”

4. Push the “Free” button to download the app.

5. Once the app has finished downloading, press the “Open” button.

6. Allow app to use your current location to find the events that are closest to you.

7. Press the “CWA” button on the upper left corner of the screen to bring up the navigation menu.

8. On the navigation menu, select “Profile” and on the next screen select “Create Account.”

9. Fill out the information requested and press the “Create Account” button at the bottom of the screen.

The screenshot shows the 'CWA Profile' creation screen. At the top, there is a red header with a back arrow and the text 'CWA Profile'. Below the header, there is a paragraph of text: 'Create your CWA Mobile profile so that we can share the events and action opportunities that are most relevant to you and so that you can earn points for participating in and sharing events and actions.' Below this text are four input fields: 'First Name' with the placeholder 'First Name', 'Last Name' with the placeholder 'Last Name', 'Email Address' with the placeholder 'Email Address', and 'Password' with the placeholder 'Password'. At the bottom of the screen, there is a dark navigation bar with a right-pointing arrow and a numeric keypad with digits 1-0 and various symbols.

The screenshot shows the 'CWA Profile' creation screen with dropdown menus. The 'Zip Code' field is filled with '08628'. Below it are five dropdown menus: 'Local' with the selected value '1036 CWA Local 1036', 'Type of Activist' with 'CWA Member', 'Union Role', 'Industry/Sector' with 'Wireline Telecom Technician', and 'Organizations Affiliations' with 'AFL-CIO Constituency Groups, Civil Rights, Faith'. At the bottom, there is a large yellow button with the text 'Create Account' highlighted by a yellow oval. Below the button is a numeric keypad with digits 1-0 and various symbols.

Congratulations! You have completed the installation of the CWA Movement Builder App!

iPhone troubleshooting:

Make sure you have a strong WiFi or data connection. If the phone doesn't have a data signal see if there is a secure WiFi signal available.

The CWA Movement Builder App is only available for iOS 7 and later. To determine which iOS the iPhone is using, go to Settings> General > About > Versions. iOS 7 is only available for iPhone 4 or later.

Install iOS updates by tapping Settings > General > Software Update.

Updating to iOS 7, while not difficult, is time consuming process which often takes more than 20 minutes.

iTunes passwords are required to download apps. Use iTunes' built-in password recovery system if the password is unknown.

Hints and tips

The app may download faster if you use WiFi but in some cases a free, public WiFi network may be congested and be a worse option than using the 3G or LTE data plan. If the phone is using WiFi and is having connection problems, turn the WiFi off and try again.

Pictures do not show up immediately in the gallery, as they are screened by CWA staffers.
