

Petition to Oppose Fast Track Authority for the Trans-Pacific Partnership (TPP)

H.R. 3830/S. 1900

Petition summary and background	The TPP is poised to become the largest free trade agreement ever and Congress may not be allowed to amend a single provision. If Congress grants Fast Track authority for the TPP, this secret deal that is being negotiated with the help of 600 corporate “advisors” could pass with no public hearings and no input from our elected representatives. The TPP, like NAFTA and other free trade agreements in the past, would cost Americans jobs, harm the environment, and fundamentally alter many U.S. laws.
Action petitioned for	We, the undersigned, are concerned citizens who urge Congress to assert its constitutional authority and vote no on Fast Track Authority for the TPP (H.R.3830/S.1900)
